Special categories of cited documents: document defining the general state of the art which is not considered to be of particular relevance; the claimed invention cannot be document of particular relevance; the claimed invention cannot be
Further documents are listed in the continuation of Box C. See patent family annex. Special categories of cited documents: "T" document defining the general state of the art which is not considered to be of particular relevance "X" document of particular relevance; the claimed invention cannot be
Special categories of cited documents: "A" document defining the general state of the art which is not considered to be of particular relevance "X" document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
* Special categories of cited documents: *A* document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
A document defining the general state of the art which is not considered to be of particular relevance *X* document of particular relevance; the claimed invention cannot be
"A" document defining the general state of the art which is not considered the principle or theory underlying the invention to be of particular relevance "X" document of particular relevance; the claimed invention cannot be
"X" document of particular relevance; the claimed invention cannot be
The considered novel or considered to involve an inventive sten
"L" document which may throw doubts on priority claim(s) or which is when the document is taken alone
cited to establish the publication date of another citation or other special reason (as specified) document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is
"O" document referring to an oral disclosure, use, exhibition or other combined with one or more other such documents, such combination being obvious to a person skilled in the art
"P" document published prior to the international filing date but later than "g." document member of the same patent family
the priority data claimed
